

## The leading Swiss Gold and Resources Investing Website

EDR: TSX EJD: FSE EDGRF: PNK

Golddesk.ch has earned a reputation as Switzerland's premier website for precious metals and mining investments. Golddesk.ch provides dedicated investors with regular and unbiased market commentaries, company-specific news and media releases as well as in-depth research on the precious metals and mining sector.

Switzerland has one of the largest Gold Bullion trading markets in the world. Institutional and private investment demand for Gold has traditionally been strong and increased substantially over the last few years. Today, Switzerland has a sophisticated market for precious metals and mining investments which continues to attract institutional and private investor demand.

Switzerland is leading in world-wide private banking and is one of the politically most stable countries in the world. Together with its traditional role in the physical gold market, Switzerland is well positioned to further attract investors seeking interesting investment opportunities in precious metals and mining. Golddesk.ch offers mining and precious metals companies a unique platform focusing on institutional and private investors, asset managers and banks primarily in Switzerland.
